Case No. _____ CRX _____

MOTION TO AMEND RECORD SEALING APPLICATION

It has come to my attention that not all of the cases I put on my record sealing application are sealable. Because of this, I am asking to amend my record sealing application to remove the following cases: _____

_____.

I am no longer asking for these cases to be sealed, as they are not legally sealable.

However, I am not amending my application as to the following cases: _____

_____.

I would still like those cases to be sealed, and it is my understanding that they are sealable.

Respectfully submitted,
