

Franklin County Municipal Court Environmental Division Judge Stephanie Mingo

COMMUNITY CLEAN-UP CREW

The court established the Community Clean-Up Crew to serve as a sentencing alternative that not only holds individuals accountable for their actions, but provides them with an opportunity to serve our communities. Whether it's cleaning up along our roadways, participating in greenway cleanup, or working side by side with neighborhood organizations, workers that complete their community service contribute something that is both beneficial and constructive.

COMMUNITY PARTNERSHIPS

We are glad to bring workers to support your cleanup events.

Community partnerships include, but are not limited to:

- Area commissions
- Civic associations
- Block watches
- Local nonprofit organizations.
