

**Franklin County Municipal Court
Environmental Division
Judge Stephanie Mingo**

Household Hazardous Waste Disposal

Many of the products we use every day to clean our homes, including those listed below, contain hazardous materials that can be dangerous to people and the environment if not properly disposed of. Look for keywords on the container, such as poison, danger, caution, flammable, or use in a well-ventilated area.

Acids/Alkalines	Disinfectants	Mercury
Antifreeze	Fluorescent Bulbs	Paints/Solvents
Bleach	Gasoline	Pesticides
Batteries	Herbicides	Polishes
Cleaners	Kerosene	Used Motor Oil

Keep hazardous substances out of reach of children and pets and away from heat sources or open flames.

Alternatives to Hazardous Cleaners

Drain Cleaners

Pour boiling water down the drain. Use a plunger or a plumber's snake.

Window Cleaner

Use a pump spray container filled with 2 tbsp vinegar in 1 quart water.

Toilet Bowl Cleaner

Use toilet brush and baking soda, mild detergent, or 1/2 cup bleach.

Furniture Polish

Melt 1 tbsp Canuba Wax in 2 cups mineral oil. For lemon oil polish- dissolve 1 tsp lemon into 1 pint mineral oil.

Paint Remover/Stripper

Heat guns may be used for removing many paints, but only in well-ventilated areas. Avoid using them for lead-based paints.

Facility Drop-OFF

SWACO contracts Environmental Enterprises Incorporated to offer free residential recycling for Household Hazardous Waste. Residents can bring accepted waste items for recycling and/or environmentally safe disposal. This program is not offered to businesses.

645 E 8th Avenue
Columbus, Ohio 43201
Phone: (614)-294-1300

Weekly Hours (Closed Holidays):
Monday- Friday: 9am-5pm
First Saturday of the Month: 9am-2pm

Mobile Collection Events

SWACO partners with local communities to offer numerous free residential Household Hazardous Waste mobile collection events throughout the year for Franklin County residents. For future dates and locations, visit www.swaco.org or call (614)-871-5100.
