

Veteran Resources

Veterans of all eras who have served honorably, whether through times of conflict or in peace, have earned benefits.

Our local, state, and federal governments provide a number of veterans benefits and resources to provide safe housing options.

The Environmental Court has produced this brochure to highlight a few of these resources and to facilitate service requests to these local organizations. Eligibility requirements and program guidelines are determined by the respective agencies, so please contact them to determine what services may be appropriate.

Individuals with active Environmental Court cases should contact a legal professional to discuss the effects on the individual and/or property.
